

A roadmap to an optimistic future

What could have been better?

- We should believe the experts
- We should use our force as a movement to educate
- We have to work together as global citizens

What have we learned

- We can trust our technology
- We should take good care of our essential workers
- How to protect our and other people's health

What can't we lose

- Good Communication
- The influx of young volunteers
- Our communal thinking
- Online guiding and scouting
- Our positive attitude!
- Fun :)
