

A contact tool

... to connect them all!

What to expect?

At the end of this session, you will...

- ... have a good idea about what the tool is all about
- ... know how you and your NSO/MO can use it
- ... have seen the current version of the tool
- ... have an idea on what our plans are

- Be respectful and constructive
- Write your questions in the chat, or after slides
- Mute yourself, when not speaking

We are...

Adrian, Germany

Kiwi, Germany

Marketa, Czech Rep.

Virus, Czech Rep.

Alex, Germany

Jose, Portugal

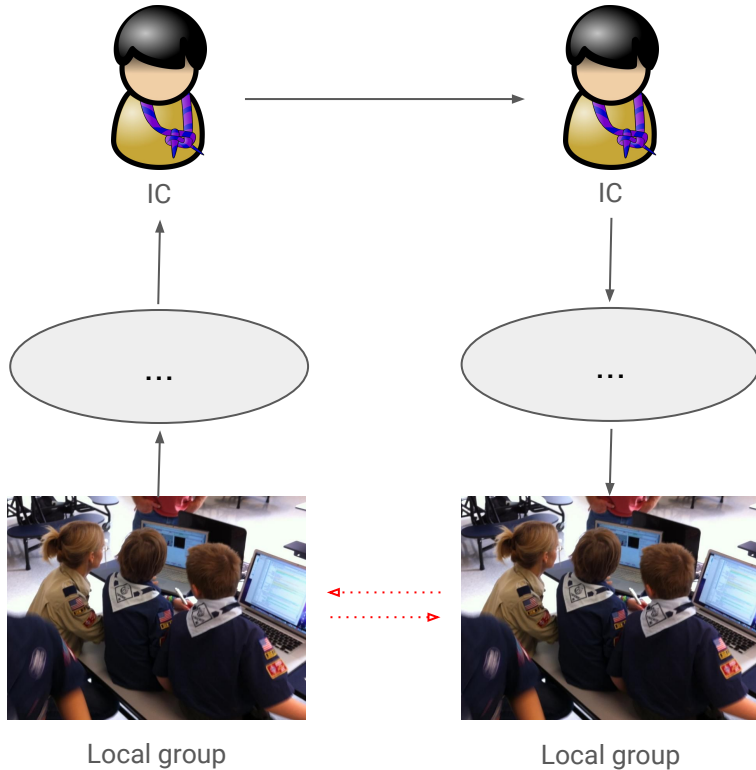

... a group of scouts and guides from various NSOs/MOs

... in close contact with WOSM and WAGGGS regional committees

... here to find a great solution for facilitating international exchange

Connecting groups

The contact tool aims to...

- ... enable direct contact between Scouts and Guides
 - ... support ICs in their work
- ⇒ Facilitate and foster international contacts and projects

Room code: **8903 9005**

A brief history

EGSC 2016

Request to work
on facilitating
exchange

EGSC 2019

request to
continue work

Decision to support
NSOs/MOs instead of
creating working group

- Diversifying team
- Gathering further input

Ring deutscher Pfadfind

Concept of
contact tool

Reaching out
to the regions

Development
& testing

Development of
contact tool

- Alpha testing
- consolidated concept
- Campfire
- programming

Current status & plans

We currently have...

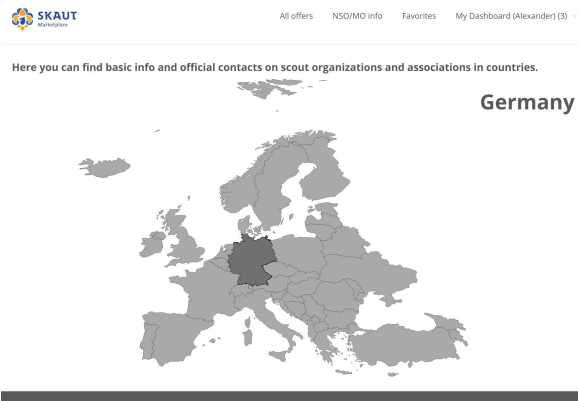

- ... a working version, using "cocorico" (p2p marketplace framework)
- ... conducted an alpha test
- ... been in close contact with WOSM and WAGGGS
- ... reached out to all of you :)
- ... a good idea on what needs to be done (written concept of different features)

What is missing:

- Current version allows only limited implementation of additional features (e.g. the extended admin-backend)
 - Programming of independent backend (delay and searching)

What will it look like?

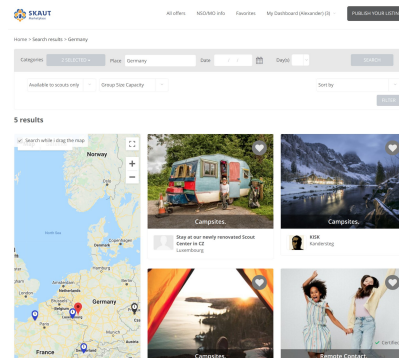

General information:

- worldwide NSO/As & MO/CAs and how to contact them
- future international events (from NSOs / MOs / WOSM / WAGGGS)
- current opportunities (Volunteering, Jobs,...)
- countries with currently open searches / offers

Restricted information (for registered users)

- Controlled access via national admins
- Bulletin board:
 - Insert and search for opportunities
 - Filter by desired group specifics and “event” type
- Getting in contact with hosts, groups and individuals

Prototype

<https://cocorico.azurewebsites.net/en/page/map>

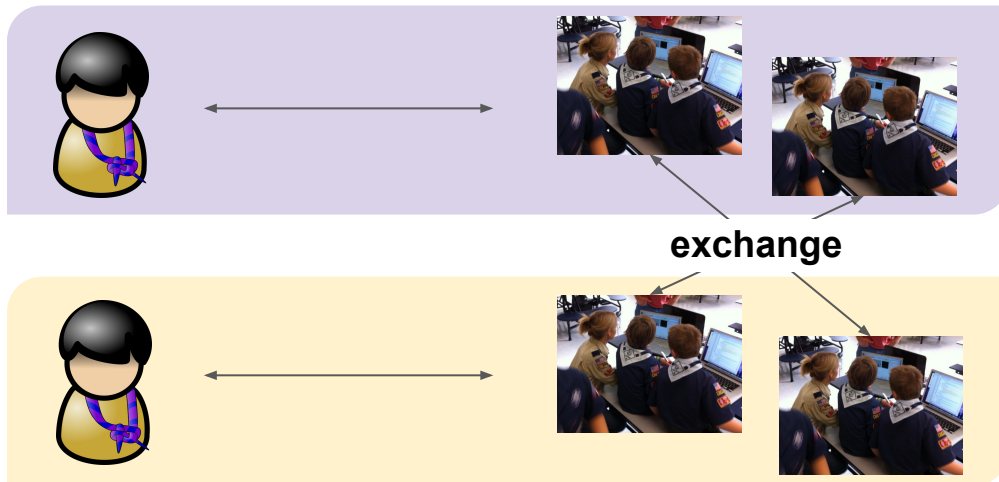

- Currently includes: Enter & search for requests & offers
- Currently in progress: different ways of registration
- Still missing: administration and moderation

Administration Concept

NSOs / MOs

Global admin:

- Introduce new NSO / MO admins
 - Technical coordination
- ⇒ *Minimum N° of tasks to avoid bottlenecks*

NSO / MO admins:

- Activate new users
 - Moderate contents
- ⇒ *Regular admin tasks*

Users / local groups:

- Register per NSO / MO
- Post offers & requests

National administration

Activation of new users (e.g. NSO / MO office)

- Confirm NSO / MO membership
 - requires access to member database!
 - Integrate existing technical infrastructure (automatically approve certain email domains)
- ⇒ Ensures safe space for users of minor age, *Safe from Harm*

Moderation of content (e.g. ICs, international working groups)

- Maintain national events, points-of-interest and NSO / MO info
- Get notified at new posts by own members
 - Facilitate exchange by conveying contacts
 - if required moderate (or even unlock) post content
- Notification of new requests by other members
 - Facilitate exchange by conveying contacts

“Global” administration

- Centrally managed:
 - initially by the developer board (us)
 - handover after successful start to European region around EGSC 2022
- Tasks:
 - Register new national admins
 - Regularly provide introductory training for national admins
 - Coordinate technical issues and updates
 - Contact person for NSOs/MOs and European Committees
 - Maintain content of European region and world levels
- Should consume < 10h / month for ~60 participating NSOs and MOs

Roadmap

Plans:

- Beta testing (autumn)
- Roll-out of full version (after beta-test) - continuous from beta testing
- Hand it over to the region

And to get it started properly:

We need you!

NSO/MO engagement to:

- advertise in their organisations
- Provide admin activities
- Provide feedback during beta test, to develop the best tool possible!

We provide

- training,
- support until 2022, ...

Breakout rooms
