

Knowledge and practices on Reduce, Reuse and Recycle

All information collected is anonymous and will only be used for the purposes of the study.

The questionnaire is divided into four parts.

Part I

1. Gender Female Male

2. Indicate your age (years):

Part II Agree, Disagree, Don't Know

Please indicate your degree of agreement with the following statements:

I am well informed about the 3Rs policy.

The use of technology, despite saving paper, has not reduced the environmental impact.

The production of waste is a big problem for the environment.

The prevention and recycling of waste is everyone's responsibility.

I know how to separate my waste.

Waste separation creates another world of business opportunities.

Raw materials are saved and natural resources are preserved through recycling.

I have easy access to ecopoints.

Part III Answer the following questions:

10. Always Sometimes Never

Do you buy more durable and less disposable products?

Do you buy second-hand items?

Do you buy enough for consumption, avoiding product and food waste?

Avoid buying food products in non-recyclable packaging?

Do you prefer public transport when traveling?

When traveling by car, is it usual to organize a lift system with colleagues?

Do you reject plastic/paper bags when you offer them in stores to transport your purchases? Avoid wasting food?

Print only what you need?

When you brush your teeth, do you leave the tap running?

Part III Answer the following questions:

11. Always Sometimes Never

When taking a shower, are you careful to turn off the tap when soaping?

Do you usually leave home appliances in standby mode?

When buying appliances, do you favor the energy class?

When using the washing machine, are you careful to use the appliance in economy mode?

When using a car, do you opt for moderate driving to reduce fuel consumption? Do you use the front and back of the paper for writing?

Renovate or preserve objects instead of replacing them with new ones?

Do you reuse glass containers (candy, mayonnaise, etc.)?

Do you use recycled ink cartridges?

Do you use rechargeable batteries?

Part III Knowledge and practices on Reduce, Reuse and Recycle

12. Always Sometimes Never

Do you reuse plastic/paper bags, envelopes, boxes?

Donate objects and clothes that you no longer use?

Do you reuse water (from washing vegetables, etc.)?

Are you in the habit of recycling paper?

Are you in the habit of recycling glass?

Are you in the habit of recycling plastic?

Are you in the habit of recycling batteries?

Are you in the habit of recycling household appliances?

Are you in the habit of recycling aluminum/steel cans?

Part IV Answer the following questions about practices at the IPG. (Yes No)

13. Did you know that the IPG separates waste?

14. In your opinion, is the separation of waste at the IPG well signposted?

15. In your opinion, is there a proactive policy at IPG regarding waste separation?

16. Do you use to properly separate the garbage in the IPG installations?

17. Do you have any suggestions on this topic that you would like to share?

Thank you very much for your cooperation!
